

Case Study

Top Tier Bank Achieves Results Through Automation

About the Institution

Hundreds of Branches Serving Millions of Accounts

Business Need

Very manual, labor-intensive reporting CTR process

Outdated, inflexible technology with inefficient, costly paper-based workflow

Constantly changing regulatory requirements and expectations

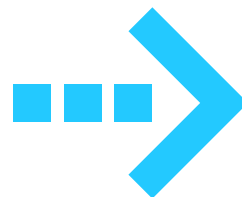

The Solution

Actimize CTR Automation & Reporting reduces manual effort & inaccuracies by consolidating enterprise data for automatic generation & electronic filing of CTRs

The Impact

Eliminated paper-based process, improving operational efficiency & reducing costs

Standardized workflow to enforce internal & mandated policies and procedures

60%
auto-completion rate
of both CTRs and MILs
